

DS210

The DS210 loudspeaker enclosure comprises dual axhead-loaded 10" mid-high drivers and dual 1" compression drivers (with Funktion-One's signature high HF crossover point for minimised distortion). Typically used in Dance Stacks® with DS15 low mid enclosures and Funktion-One high efficiency bass designs. This main Dance Stack® element produces unrivalled clarity and efficiency bringing the music closer than ever before.

Features:

- Forms the high-mid section of our Dance Stack® systems
- Funktion One designed drivers
- Passive option available
- Flying version available
- Inverted version available for clubs with low ceiling heights

Driver	Operating Band*	Sensitivity (1W at 1m)	Power (rms**)	Nominal Impedance
2 x 10"	227 - 5k99kHz	108dB	500W	8Ω
2 x 1"	5k55Hz - up	109dB	100W	8Ω
